NALMS Invasive Species Card Request

Thanks to a grant from BoatUS Foundation, NALMS has produced four timely invasive species cards designed to help lake users identify and join in the effort to combat the spread of four invasive species: Curly-leaf Pondweed, Eurasian Watermilfoil, Hydrilla, and Zebra Mussels. Upon request, these cards are available to NALMS members and the public free of charge. NALMS will also ship the cards to its affiliate and non-profit organization members free of charge. Orders from other sources will be assessed a shipping charge. Please allow 5-10 business days for delivery.
